

RENTAL AGREEMENT No _____

Due to the publication of legislation on the toll collection on **SCUTS** and having been predicted that the responsibility for their fulfillment (acquisition of Electronic Device enrollment - DEM - and toll payments when using the highway) is from the users, we hereby inform you, as users of vehicle(s) contracted under this Rental Agreement, that you should seek appropriate and timely compliance with the legislation.

We should inform you as well, as mentioned in the legislation into force, that the lack of compliance with this will result in the prosecution of Counter-ordination by the authorities, whose responsibility will be yours and that will bring about the addition of applicable fines, apart from an **administrative cost for each process Counter-ordination, worth € 15.00** (Fifteen Euros), to be charged by Salitur for the process management.
We will be at your service to clarify any additional questions.

Thank you

(Salitur)

(Costumar)
